

SCHEDULING FINISHED PRODUCT IN TRACESENSE

A short guide on how to schedule finished product.

Scroll down to scheduling and click Add requirement.

Now add in the finished product code.

A screenshot of the 'Scheduling Requirements' form. The form has a light blue header with the title 'Scheduling Requirements'. Below the header, there are three input fields: 'BATCH / FINISHED GOODS RECIPE CODE', 'BATCH / FINISHED GOODS RECIPE NAME', and 'TYPE'. The 'BATCH / FINISHED GOODS RECIPE CODE' field is highlighted with a red rectangular border. The 'TYPE' field is a dropdown menu with 'Select...' as the current selection.

For the purpose of this guide we have used product code 19637. You will now see the finished goods recipe. Click schedule.
